8 Load cell upgrades using various Load cells

D400

electronic terminal

DESCRIPTION

GENERAL

Sasco's Tier I Technology comprises the Bilanciali range of instrumentation which is recognised as the leader in terms of accuracy, reliability and functionality.

Sasco's Tier I technologies include the Bilanciali D400 electronic terminal that reflects the outcome of advanced and constant research, and of the considerable knowledge acquired by Coop Bilanciali in the weighing sector.

The versatile D400 has a range of use from simple weight display to automation systems for industrial process. The innovative D400 is designed to satisfy the new requirements of a market in constant evolution.

CONSTRUCTION

ABS housed indicator
Fluorescent Graphical Display

EXAMPLE

Weighbridge.
Automation.
Batch Weighing.
Tank Weighing.
Hopper Weighing.
Silo Weighing.

SPECIFICATIONS

Electrical immunity as per EN 45501 IP65.
Calibrated temperature range:
-10 C to + 40 C

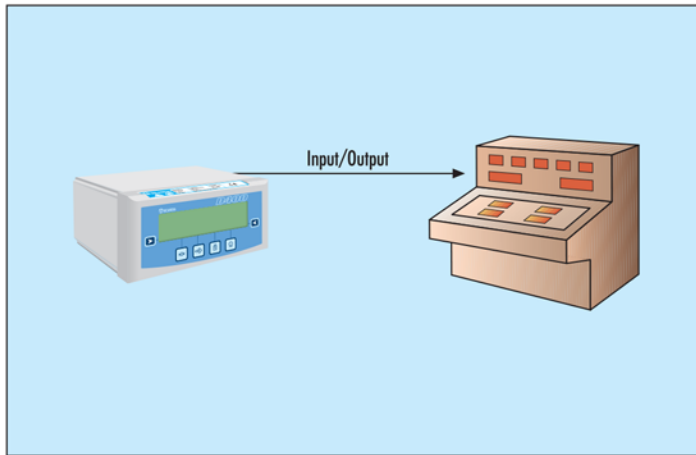

SPECIAL FEATURES

Two serial port for transmitting the weight reading by RS232 or RS485. Analogue output 4/20mA, powered by 240V, with 2 set points for simple batch control. Built-in Loading and Unloading extract programs.

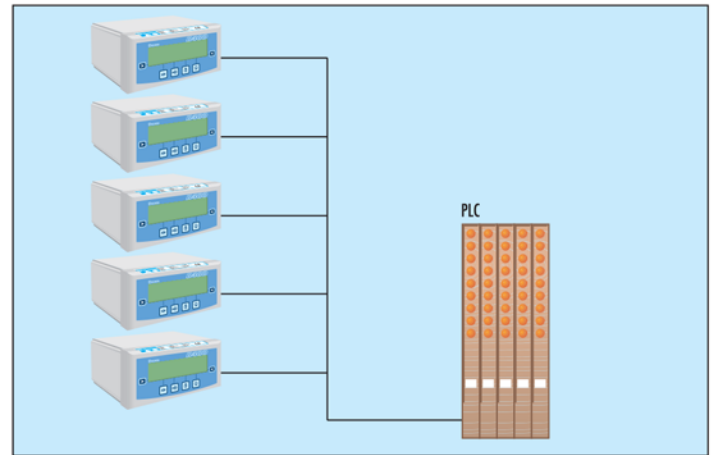

APPROVALS

OIML 10.000 Div.

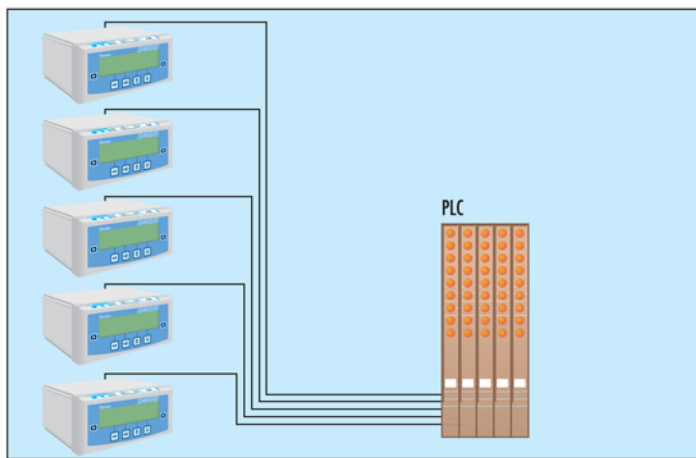

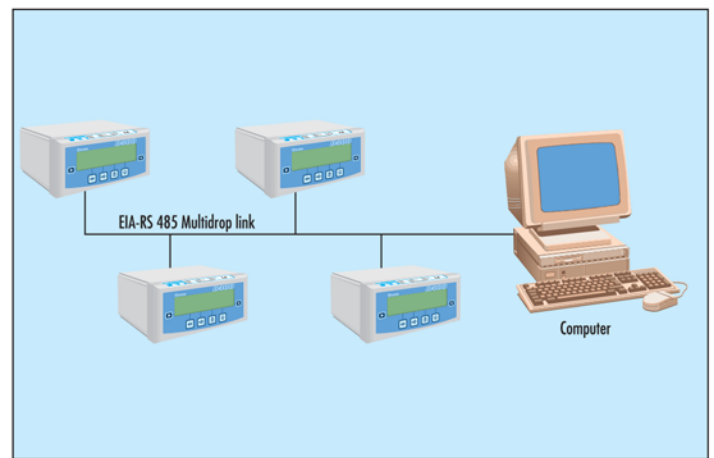

Automation by way of Input/Output Contacts

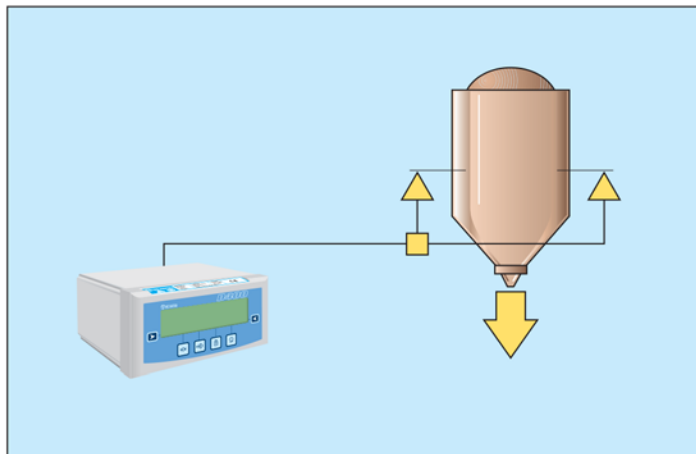

5 Volt BCD Connection (Including "Multipoint")

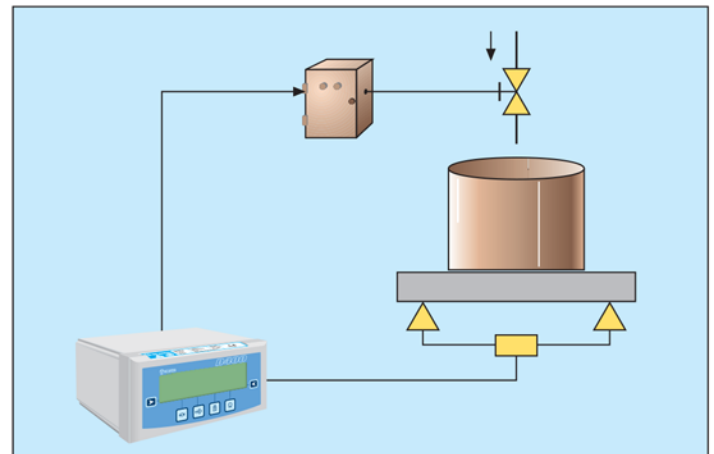

Connection with 0/10V, 4/20mA Analog Output

Networked Connection

Weighing of Hoper, Silos, Tanks

Batch Weighing
