8 Load cell upgrades using various Load cells

S16

cylindrical compression loadcell

DESCRIPTION

General

Sasco's Tier I Technology comprises the Bilanciai range of instrumentation which, is recognised as the leader in terms of accuracy, reliability and functionality.

Sasco's Tier II technologies include the S-Series range of load cells such as the S16.

The S16 is a cylindrical compression type loadcell suitable for a wide range of application in weighbridges, hoppers and tanks.

Construction

Stainless steel construction.

Capacities

20 tonne & 30 tonne

SPECIFICATIONS

Calibrated temperature range: -10 C to + 40 C
IP68

SPECIAL FEATURES

Simple to install
Reliable performance
High accuracy

EXAMPLE

Road weighbridges
Rail weighbridges
Tank weighing
Hoppers
Axle weighing

Approvals

SA 1430 AA 71
